GENERAL INFORMATION

The 1961 summer session will be ten weeks in length, beginning June 12 and ending August 19.

The *first term* will consist of five weeks, beginning June 12 and ending July 15, during which classes will be conducted six days per week.

The *second term* will consist of five weeks, beginning July 17 and ending August 19, during which classes will be conducted six days per week.

Class Regulations. Classes meet for one and one-half hour periods six days each week.

No course may be added or dropped after the close of classes on Wednesday, June 14, without penalty.

Freshmen, sophomores, and students on scholastic probation are under class attendance regulations. Any freshman or sophomore who has *four* unauthorized absences during a term will automatically be dropped from the class with a grade of F. A total in all classes of *eight* unauthorized absences will mean that the student may be dropped from school. When a student on scholastic probation has *two* unauthorized absences, he is dropped from the class with a grade of F.

Absences will be recorded for juniors and seniors but the only regulation that will apply to them is: when such student misses one-sixth of the classes given in any course he must have special permission from the Dean of the College to take the final examination.

All college regulations which apply to students during the regular academic year, with exceptions noted above, will apply to the summer session.

Admission and Room Reservation

All students who plan to attend should fill in the blank on the last page of this bulletin and return it to the Director of Admissions requesting a regular application form.

A student who is attending another college and plans to be here for the summer school only should have a statement of good standing sent from that college to the Director of Admissions of Alabama College at least a week prior to the opening date of summer school.

Registration

Registration for the first term will be held Monday, June 12. A late registration fee of \$5.00 will be charged for those who register after June 14.

Registration for the second term will be held on Monday, July 17. A late registration fee of \$5.00 will be charged those who register after July 19.

COST OF ATTENDANCE

*Room, board, and laundry per term.....	\$100.00-\$110.00
College and credit hour fee per term.....	40.00
<hr/>	
Total per term	\$140.00-\$150.00
Out-of-State fee per term	50.00

Music fees

Applied music carries the college fee plus a charge of \$2.00 per lesson.

Private Applied Music Instruction

One lesson a week of 60 minutes or two lessons
per week of 30 minutes each, per term..... \$24.00

Charges for children living in the dormitory with their parent or parents are as follows:

Any child under 8 years of age will pay 1/2 of room, board and laundry. A child 8 years of age and under 12 years of age will pay 2/3 of the regular rate for room, board and laundry. Any child 12 and over will pay full price for room, board and laundry.

For cost of attending the elementary or high school see pages 7 and 15.

For cost of attendance for special clinics and institutes to be held during the summer school, write to the Director.

*The lower charge is made when two persons occupy the same room. These charges are based on the assumption that students bring their own linens.

Housing Facilities and Board for Adults and Children

Room and meals on the College campus will be available for men, women, and for families.

Married students and graduate students may secure room, board, or facilities for light housekeeping in many homes and apartment houses in the town of Montevallo at reasonable rates.

Refund of Fees

No fees, except those for room, board and laundry, will be refunded to those students who withdraw after completing their registration for a summer school term.

A student who withdraws before completion of a term is charged \$2.50 per day for room, board, and laundry from the opening of the term until notice of his withdrawal is received by the Dean of Students.

COURSES OFFERED

Courses are offered in art, biology, business administration, chemistry, education, English, history, home economics, mathematics, music, physical education, physics, psychology, sociology, social work, and speech.

By attending the entire ten weeks a student may complete a year's work in such fundamental courses as biology, chemistry, English, history and mathematics.

Introduction of New Courses and Elimination of Announced Courses

The right is reserved to introduce new courses for which there is adequate demand and to eliminate courses for which the enrollment is insufficient. Ten students per class is the minimum enrollment except in special cases.

Teachers Certificates

Requirements for the issuance and reinstatement of the several types of Alabama teachers certificates may be met by work completed in summer school. Those interested in securing a certificate through summer school work at Alabama College may obtain full information from the Summer School Director. Those interested in reinstating a certificate are requested to bring their old one with them.

Teachers who have held lower class certificates may still work toward the completion of requirements for Class C, Class D, and Class E Non-professional certificates.

The Alabama State Department of Education has set up a certificate to be issued until further notice. It is the Defense Certificate and will be issued upon request of a county or city superintendent to a person who has had as much as one year of college work. This is not a regular teaching certificate, and the holder is not entitled to the benefits of the tenure law.

THE GRADUATE DIVISION

Alabama College offers a program of graduate study in elementary education; supervision; administration; and secondary education with majors in the following fields: biology, education, English, health, physical education and recreation, history, psychology, speech and speech correction. This program leads to the degree of Master of Arts in Teaching, and also leads to the Class A Elementary, the Class A Secondary, the Class A Elementary-Secondary, the Class A Administrative and Supervisor certificates for those holding, or who are eligible for, a Class B certificate.

Admission to the Graduate Division is based on a C+ average on undergraduate work, and/or a satisfactory score on the Graduate Record Examination. It is advisable to take the Graduate Record Examination sufficiently in advance so that the applicant's score will be available before undertaking work at the graduate level. Graduate Record Examinations are given several times each year in Alabama. Please inquire for information with regard to times and places. Those entering the Division before the Graduate Record Examination scores are available will be admitted on a tentative basis only. Undergraduate credit only will be granted for courses when admission requirements are not met.

Those desiring to begin graduate work this summer should write for the graduate bulletin and for an application blank to enter the graduate program. It is important to complete the application and return it to the Director of Admissions, together with transcripts of all undergraduate credit, at least two weeks before the opening of the summer session.

In the description of courses given in this bulletin to be offered this summer, courses numbered 300 and 400 which are marked with an asterisk (*) are open to both graduate and undergraduate students and will carry undergraduate or graduate credit. Courses numbered 500 are open only to graduate students and will carry only graduate credit.

SUMMER WORKSHOP PROGRAM AND DEMONSTRATION SCHOOL FOR TEACHERS

June 12-July 15

The workshop is designed for undergraduate students in elementary education and more especially for those who have had some teaching experience. Participants will observe classroom teaching, read under guidance, make oral and written reports, and join selected interest groups for discussion based on observation and reading.

Those who participate in the workshop must spend their full time in its program. They will select some combination, normally six or seven credit hours, from the workshop courses listed in the offerings of the Education Department; and they are not permitted to register for any other courses.

Pupils Eligible for Demonstration School — Costs — Living Arrangements

A limited number of pupils from outside the town of Montevallo can be accepted in both the elementary and the high school. Pupils of parents attending summer school at Alabama College will be given preference in attending the demonstration school. Elementary school pupils will be charged a registration fee of \$15.00, and pupils in the junior and senior high schools will pay registration fees of \$17.50 and \$20.00 respectively. Demonstration school pupils may live with parents in a college dormitory or make living arrangements in town. For dormitory costs see pages 3 and 4.

INSTITUTE FOR HIGH SCHOOL SCIENCE TEACHERS

June 12-August 19

An Institute for High School Science Teachers, sponsored by the National Science Foundation and Alabama College, again will be offered in the summer of 1961. Courses in biology, physics, chemistry, and mathematics for the sciences will be given for the high school science teacher. The science courses will carry graduate credit, and the mathematics course will carry either undergraduate or graduate credit. A student with insufficient background in the sciences may register in this Institute for undergraduate courses in science.

Scholarships will be awarded for science teachers in Alabama and neighboring states. A limited number of regular summer school students may enroll for one of these courses by special permission.

Those interested in this Institute should apply to the Director of the Institute.

A description of the courses will be found under the departments of biology, chemistry, and physics and mathematics.

Speech and Hearing Clinic June 12-July 15

Alabama College will provide living accommodations for a limited number of elementary and high school students with speech and hearing defects. The five-week clinic affords for these students the therapy so vital to them and, at the same time, provides opportunity for supervised therapy training for speech correction majors and for observation to other interested professional personnel.

For further information write to Dr. Laura Wright, Alabama College.

DEPARTMENTAL OFFERINGS

Courses numbered 100 through 400 are open to undergraduate students. Courses numbered 300 and 400 which are marked with an asterisk (*) may be taken by graduate students for graduate credit. Courses numbered 500 are open only to graduate students.

The credit hours indicated are semester hours.
